1 Day Long Island Broadbill/Sea Duck Hunt for 4 Hunters

Few water fowlers today have experienced gunning from a 'South Bay Scooter' the way it was practiced commonly from the 1920's to the 1970's. Only a handful of true rigs remain. Venture out with Red Oster on his 36' bay boat the 'Commanding Mistress' to pursue the wily broadbill and sea ducks where the huge rafts still frequent the Great South Bay. This hunt is for one full day of shooting for up to four gunners to shoot from two-man scooters. Spend dawn 'til dusk on the open water. Hunt only available weekdays on a date to be mutually arranged upon with the guide during the 2018-2019 waterfowl season. Hunt can be extended for \$750 per day/4-person party. **Not Included**: Lodging, license, duck stamp and ammunition. **This is a 100% donation.**

Cordoba, Argentina

4 Hunters for 4 Days of High Volume Dove Shooting

The hunt package includes four full days of High Volume Dove shooting. Upon your arrival in Cordoba, you will be greeted by one of our English-speaking hosts, who will help you and guide you through customs. Then it's off to the lodge, where you will enjoy a great lunch followed by your first afternoon of High Volume Dove shooting. Once you are done for the day, you will return to the lodge to enjoy drinks, appetizers and a scrumptious dinner. The next three days you will start your mornings with a breakfast of your choice and a short drive out to the fields. Depending on the time of year and crop harvest, the hunting areas may be anywhere between just outside of the lodge door or up to 30-minute drive from the lodge. Around noon you have the choice of returning to the lodge for lunch and maybe a siesta, or you may choose to spend the day out on the field and enjoy an Argentinean BarBQ, known as an "ASADO". Your bird boy will accompany you throughout the entire day, supplying you with shells, cold drinks and snacks and also counting your birds as you knock them down. As your hunt comes to a close, you will have one last great morning of shooting, followed by an amazing lunch and then it is off to the airport for your return trip home. If you plan on joining us between March and October, Pigeon Hunting is available in Cordoba at an additional cost per day. Season is open all year round. Hunt can be taken during 2018 or 2019. Hunt must be booked three months prior to hunting dates with pre-payment of 100 boxes of shells and hunting licenses for each hunter. Linda Besse

Linda Besse- Stars and Stripes Forever

Linda's painting *Stars and Stripes Forever* is this year's Featured Artist of the Year painting. It was one of her African trips which inspired the piece. When she saw the Selous sub-species of the Plains Zebra in Tanzania, their stunning head-to-hoof stripes captivated her. Linda decided a night scene would create the most interesting drama for this iconic African species. And while they cannot see in the dark, she envisioned the zebras' rapt attention could only mean they heard something. Maybe the soft pad of a slowly moving paw somewhere in the grass?
