Adirondack - Catskill Chapter of SCI SCI Youth Day Program

The Adirondack-Catskill Chapter of SCI has helped facilitate Youth Days through the dedication of the Chapter's Sable Committee members and the opportunity to partner with various Rod & Gun Clubs. The latter is essential as Rod & Gun Clubs have the needed facilities for hosting a Youth Day - a lodge with kitchen for cooking and serving lunch, shooting ranges (indoor & outdoor), pond for fishing, and club members willing to volunteer their time to work with the youth. The Rockdale Rod and Gun Club has been a longtime supporter of SCI Youth Days under the guidance of Ron Meek. Rockdale members provide a positive and safe environment for youth to learn about firearm safety, try archery and fishing for the first time, participate in raffles with prizes for the youth, and a free lunch for all in attendance. The day's activities stress the ethics of hunting and conservation, firearm safety, experiencing new activities and the comradery and fun of being in the outdoors.

SCI Youth Day at Rockdale Rod & Gun Club – February 25, 2022 by Ron Meek

This year's Adirondack-Catskill SCI Youth Day at Rockdale was held Saturday February 25th. This was the 23rd Youth Day we have held with most being co-sponsored with ACSCI Sables and Rockdale Rod and Gun Club! We started the day thanking all the volunteers for their help and MOST OF All the parents of the kids. This year the focus was on getting kids interested in area High School Clay Shooting League teams. We also signed up young hunters for the Youth Turkey Hunt that our local ECO, Brett Armstrong, has organized for the past 8 years! A new Youth Day activity added this year was the .22 rifle shooting for youth 12 years and older. The .22 target shooting and the black powder shooting we've previously offered at Youth Day were both very popular activities. The day also involved youth visiting the various activity stations we have setup throughout the day - Laser Shot Station, Archery and Crossbow, Air Gun Target Shooting, and the ACSCI Sables animal pelt demonstration. One thing that made me proudest of all was my 13-year-old grand-daughter taking over management of the Laser Shot Station. She did a GREAT JOB! She's been attending Youth Days since she was a toddler and now, she is a volunteer. THIS IS OUR FUTURE! Below are a few photos showing what these Youth Days mean to us! Exposing youth and families to our way of life and the resulting HUGE SMILES on their faces and ours! All youth are sent home with sporting good prizes, full stomachs from the free lunch we serve, and many new memories! It was plain to see that our efforts are well worth it. We hope you can join us for next year's Youth Day!
