Adirondack - Catskill Chapter of SCI Membership

Why should I consider a membership in Safari Club International?

Hunters know that the right and freedom to hunt is under attack, and you want to protect that freedom. SCI is one of the most powerful pro-hunting and pro-conservation organizations in the world. SCI works tirelessly on behalf of hunters. Members stay involved with state legislative and regulatory issues; with federal plans that affect management, conservation and hunting access on public lands; as well as with national legislative issues. There is strength in numbers. SCI could not make such significant changes without supporters such as you - united in the same fight. There is an array of benefits that you will receive as a member of Safari Club International, including the bi-monthly, full-color SAFARI Magazine. Members also are invited to attend the annual SCI Convention - The Ultimate Hunter's Market. Associated sponsors offer additional benefits and discounts on everything from travel insurance to hunting gear.

This is a Bingo Game but one in which you DO NOT want the number that is being called to appear on your card. If the number called is on your card, you turn in that card for $20 worth of tickets (2) for entry in the Table Raffles and you are no longer in the game. But as long as the numbers being called DO NOT appear on your card, you are still in the game. The last person with no called number on their card is the Bingo Winner!!

YOUTH SAFARI WISH RAFFLE

Proceeds from this game go towards funding the Youth Safari Wish Hunt program. Each ticket sells for $20 with a maximum of 100 tickets being sold. Drawing for the gun occurs when tickets are sold or at the end of the evening.

WALL OF GUNS

Cards begin selling at 1pm with decks being sold throughout the day. Each card in a deck of cards will sell for $20. You get half a card with the other half going in the bucket. Drawing for a gun occurs when all cards in that deck are sold. If your half-card matches the one drawn, you get to choose one gun from the Wall of Guns. Then the next deck of cards will begin selling to start a new game. If all cards in a deck are not sold, half of the proceeds collected for that part of the deck will be awarded in cash and the game ends.

SCI and SCI Foundation's financial investment of the American Wilderness Leadership School (AWLS) is making a difference in what educators are presenting to the youth they teach. Adirondack - Catskill Chapter of SCI
SCI Youth Day Program

The Adirondack-Catskill Chapter of SCI has helped facilitate Youth Days through the dedication of the Chapter's Sable Committee members and the opportunity to partner with various Rod & Gun Clubs. The latter is essential as Rod & Gun Clubs have the needed facilities for hosting a Youth Day - a lodge with kitchen for cooking and serving lunch, shooting ranges (indoor & outdoor), pond for fishing, and members willing to volunteer their time to work with the youth. The Rockdale Rod and Gun Club has been a longtime supporter of SCI Youth Days under the guidance of Ron Meek. Rockdale members provide a positive and safe environment for youth to learn about firearm safety, try archery and fishing for the first time, participate in raffles with prizes for the youth, and a free lunch for all in attendance. The day's activities stress the ethics of hunting and conservation, firearm safety, experiencing new activities and the comradery and fun of being in the outdoors.

SCI Youth Day at Rockdale Rod & Gun Club – February 19, 2022 by Ron Meek

After dealing with the Covid pandemic, things have started to open up and allow Youth Day activities to resume. It had been a long two-year wait and ACSCI along with Rockdale Rod & Gun Club scheduled a February 19th Youth Day. We were anxious to see what the day would bring. Despite the area holding competing youth events on the same date - a Scout Jamboree, Odyssey of the Mind, 4H Presentations, Youth Wrestling tourney - we still attracted 30 youth and their families to our event. The best thing was that it was mostly first-time youth attendees and adults looking to enjoy the activities along with their children. It was good to see all the events open and looking at the trend of things to come in the future. We sure benefited from the positive vibe of the day!

As always, we started the day thanking all the volunteers for their help, not only from ACSCI and the Rockdale Club but also our local participating groups: Trout unlimited, NRA, Chenango County Sportsman Federation, a Flintlock demonstrator, Environmental Conservation Officers (ECO) and MOST OF All the parents of the kids! The day involved the youth visiting the various event stations - Fly Tying, Laser Shot, Archery, Air guns, the A-C Sables Tracking Game and, of course, the free lunch at noon. It was plain to see our efforts were well worth it. The ECO dog handling demonstration with Officers Brett Armstrong, Ryan Wing and K-9 Phoenix was a Big Hit! One of the things that used to surprise me, but now is common place, the girls attending sure can shoot. Two girls took advantage of shooting the Flintlock! My granddaughter felt confident enough to participate in this year's ECO BB Gun Contest! All in all, it was a Great Day and we look forward to next year's SCI Youth Day – it will be our 22nd event hosted at Rockdale Rod & Gun Club. We hope you can join us!

Adirondack-Catskill Chapter of Safari Club International
Recognizes

ECO Brett Armstrong

For His Contributions to Promote
Youth Activity in The Hunting Sports

ECO Brett Armstrong has seen fit to promote youth involvement in the hunting sports through his volunteer work with various gun clubs of the Chenango County Sportsmen Federation. Some of this involves Hunter Safety Courses, Adirondack-Catskill SCI youth days at Rockdale Rod and Gun Club and youth turkey hunts. Brett and his companions are always welcome at any of these events.

Brett's job as an ECO has included 3 DEC working dogs over the years. These dogs have become family members as well. Tragedy struck with the loss of Nitro, Wolf, and other family dogs in a devastating house fire. Brett and his family have recovered and Phoenix, his new partner, has helped fill the void.

Hunter Safety Courses are always made more complete when Brett shows up and explains the game laws and gives a little input about his duties as an ECO, assuring all those present that the sport of hunting needs rules to survive.

Youth days do not even have to ask Brett to attend as he has become a fixture with his demonstrations of dog-usage in the field. He and Nitro, Wolf, and Phoenix have blended in with our message and are a big hit with all.

In the last few years, Brett has taken the lead in the County Youth Turkey Hunt. Starting out with getting volunteer mentors to donate their time to promote hunting for youths. A Safety Day is set up and Brett makes sure that the right things are stressed so an enjoyable time can be had by all; turkeys harvested or not!

BTW I have had the pleasure of sharing a hunting blind with Brett and one of his daughters. The high values of family were very easy to see in the interaction between Father and Daughter. Brett is not only an asset to us but also to the whole community with his and his family's involvement with church, school and such.

Brett is the total package. Thank You for your involvement with our sport! - Ron Meek

Adirondack - Catskill Chapter of SCI
Youth Safari Wish Hunt

The 2021 Safari Wish Hunt was granted to Claire Matice, a 14-year-old freshman at Cobleskill-Richmondville High School. Claire likes to play basketball and volleyball. She plays on two different travel basketball teams. Some of her hobbies are hunting, fishing, hanging out with friends, boating, and riding 4-wheelers. Her wish was being able to harvest a mature whitetail buck "especially if he's bigger then my dad's or grandpa's." Claire was sponsored for a Whitetail Hunt on October 29, 2021 at Lowlands Whitetails Hunting Ranch, Lowville, NY. During the hunt, Claire was accompanied by her father, Brad Matice and her two grandfathers, Bruce Clapper and Mark Matice. Also present were Bill Mayer, Safari Wish Program Coordinator, and Larry Steiner, Chapter President.

Dear Larry, Bill and the Zehr Family:
I want to thank you for guiding me through this hunt and helping me harvest the biggest buck I'll probably ever shoot. This was definitely a memory that I will never forget and will cherish forever. The whole experience was just amazing. From seeing the hundreds of deer at Lowlands Ranch to being able to share this experience with my family especially my dad, who was in the stand with me when I shot my big buck.

Thank you Adirondack-Catskill SCI for an amazing hunt!

1 Hunter for 5-Day Eastern Colorado Mule Deer or Whitetail Deer Hunt, including Landowner Preference License

One lucky hunter will have 5 days to pursue Trophy Mule Deer or Trophy Whitetail Deer on this Colorado Eastern Plains hunt donated by Jack Cassidy. Jack Cassidy is 2015 Safari Club's North American Professional Hunter of the Year and has won the Best of Species Mule Deer for several years. All deer licenses in Colorado are on a draw basis, with several preference points needed to obtain an Eastern Plains Deer License. This donation includes use of landowner voucher and ensures the hunter can obtain a license. This very limited opportunity to obtain a license, without years of waiting and gathering preference points, provides a unique opportunity for the winning bidder to have the chance to add a big buck to their trophy room. The Two Buttes Ranch Association contains several ranches with property adjoining the Kansas border and housing some Whitetail Bucks in the 170 SCI range. Further to the East, the hunter will find a mix of Mule Deer and Whitetail Deer on property that is closer to the mountains. Mule Deer habitat, located at the foot of the mountains, is where bucks in the 180 class are waiting for the lucky hunter who is the winning bidder. You will have your choice of ranches to hunt, including the Painted Canyon, Two Buttes, and Long Canyon ranches. Hunt to be scheduled during the 2023 or 2024 hunting season. Hunt dates are determined by available openings at ranch selected with the ranch selection dependent on available land owner preference licenses and outfitter's openings. **Includes**: All lodging and food during hunt, 1x1 guided hunting on private land in Eastern Colorado, landowner preference license. **Not Included**: Non-resident hunting license ($330), transportation to the hunting camp, and personal gear. Additional hunters are welcome at outfitter's price of $8500. Limited landowner preference licenses are available, or if hunter has several preference points, they can draw their own license.
